Fitting:

**Instructions:**

Lets assume you already have suspended ceiling tiles in your office
Lets also assume that your ceiling tiles at 600mm x 600mm or 1200mm x 600mm

Step 1 - Remove 1x Ceiling Tile
Step 2 - Replace removed tile with 1x LED Ceiling Light
Step 3 - Repeat the process until all LED Ceiling Lights are in place

Electrics:
First of all - It is recommended that a qualified electrician is utilised

Step 4 - Each LED Ceiling Light comes with its own bayonet fitting for power
Step 5 - Plug this bayonet fitting power plug into each LED Light
Step 6 - Each bayonet power has its own transformer

Power Usage:
Always check the power usage for each purchased light

Step 7 - Once you have established the power usage for each LED Light (this is vital)

If creating 1x Light to 1x Power Switch

Step 8 - Connect the transformer cable (extension maybe required) to your Light Switch

If creating Several x Lights to 1x Power Switch

Step 9a - Double-check the power allowance for each LED Light (vital)
Step 9b - Lets assume you have double-checked the power allowances
Step 9c - Now create a daisy-chain connection between each transformer
Step 9d - Finally, connect to the Light Switch (additional cabling maybe required)
Ceiling LED Light 600mm x 600mm
Product Specifications:

Colour Temperature	4000k	5000k	6000k
Colour Index	Ra>80	Ra>80	Ra>80
Fire Rating	V-0	V-0	V-0
Housing Material	White Powder Coated Aluminium Frame		
Input/working/voltage	AC90-277V	AC90-277V	AC90-277V
LED Quantity	144 pcs	144 pcs	144 pcs
LED Type	Epistar 2016.	Epistar 2016.	Epistar 2016.
Life Time	Up to 30,000 Hours		
luminous Flux	typ.3200	typ.3200	typ.3200
Power Factor	PF>0.95	PF>0.95	PF>0.95
Rated Power	40w	40w	40w
Starting Time	<0.5s	<0.5s	<0.5s
Viewing Angle	120 Degree	120 Degree	120 Degree
Warranty	5 Years	5 Years	5 Years
Wattage	40+5%	40+5%	40+5%
