

## LED Header Panels - "Bevelled + Compact Versions"

### Bevelled - LED's:

These have cables within the LED

Page 2 - reveals the header + below LED's

Header Panel 1 = **W420mm x H166mm** approx.

Header Panel 2 = **W630mm x H166mm** approx.

Header Panel 3 = **W594mm x H166mm** approx.

Header Panel 3 = **W841mm x H166mm** approx.

### Compact - LED's:

These have cables on the outside of the LED

Page 2 - reveals the header + below LED's

Header Panel 1 = **W470mm x H166mm** approx.

Header Panel 2 = **W717mm x H166mm** approx.

Header Panel 3 = **W663mm x H166mm** approx.

Header Panel 3 = **W883mm x H166mm** approx.

Wall Displays

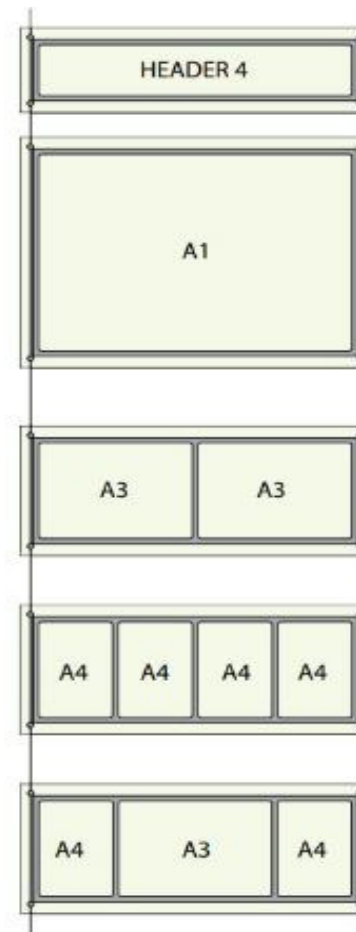

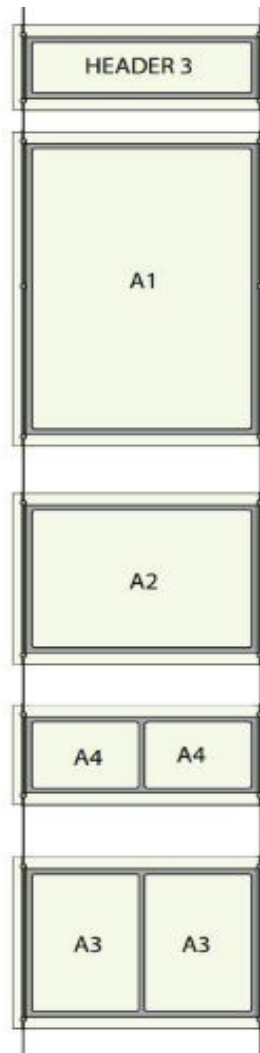

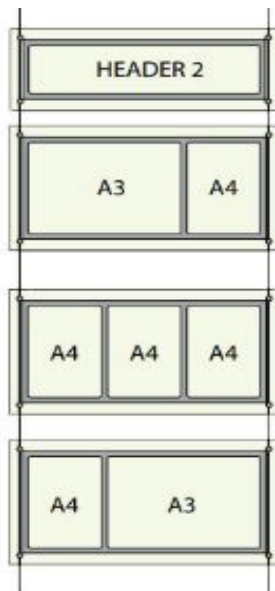

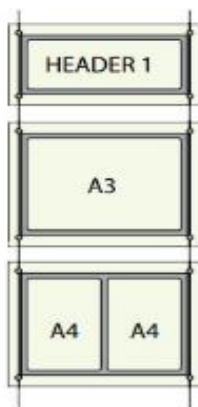

### About the Product

- 1 LED Header Panels are ideal for displaying your Company Logo - or - Marketing Message (Sales / Lettings etc)
- 2 LED Header Panels are double-sided-usage, this means you simply slide your printed graphics within them
- 3 LED Header Panels Graphics are easily added within as they have Front & Rear Magnetic-pull-down-frames - *no need for tools*
- 4 Low energy "maintenance free" LED illumination with a minimum life expectancy of up to 60,000 hours
- 5 For best results we recommend you print your graphics on Back-Lit Fil (Gloss-on-Matt) - for finer details, call us - 01244 470903

### Power Demand

- 1 LED Headers do not require a lot of power, in fact this is all that's required....
- 2 Header Panel 1 = **8W** + Header Panel 2 = **15W** + Header Panel 3 = **20W** + Header Panel 4 = **30W**

## LED Header Panels - "Examples of Header LED's, above LED Pockets"

**Things to take into account:**

LED Header Panels require a Power Transformer

The majority of Estate Agents will add either A4P - or - A3 LED's underneath the header LED

**Example 1:**

1x Header LED + 4x A4P LED's = Header is 8W + A4P's are 8W each = 40W

You will require a minimum transformer capable of = 60W

**Example 2:**

1x Header LED + 4x A3L LED's = Header is 8W + A3L's are 10W each = 48W

You will require a minimum transformer capable of = 60W

**Example 3:**

If you need more information on other LED Pockets (demand) - call 01244 470903

## LED Header Panels

[www.estateagentsupplies.co.uk](http://www.estateagentsupplies.co.uk)

### Bevelled - LED's:

These have cables within the LED

### Header Panels:

They are double-sided and, designed to have graphics inserted  
Inserting graphics is very easy + cost-effective

### Wall Mounted Header + LED Pockets

### Window Mounted Header + LED Pockets

### Compact - LED's:

These have cables on the outside of the LED

### Header Panels:

They can also be 'Etched' if required  
If required - 01244 470903  
However; think long term if etching is wanted!

### Why?

If you move / re-brand, change telephone numbers  
Then, the 'etched' LED Header can become surplus
